Why They Steal.

The oft-repeated reports of burglaries and stealings, both by day and night, are getting to be monotonous. There were not less than seventy complaints made at police headquarters yesterday. There must be a reason for all of this, and the fact that the burglars and the stealers only steal things that are good to eat may explain the whole situation.

CAMMEYER NEW YORK SHOES

Men's Oxford. Black Gun Metal and Tan Russia Calf and Patent Colt. Price, \$3.00.

A SHOE FOR EVERY MAN

for every time, for every place, for every price. That is the Cammeyer idea.

We say "every price," but that is not quite accurate. We mean every price consistent with good workmanship and wearing qualities. Those at three dollars are the lowest priced men's shoes we have in stock. And remember that \$3.00 for a Cammeyer shoe means either \$3.50 or \$4.00 for other makes of equal quality. Also bear in mind that our guarantee stands as firmly behind our three dollar shoes as those at five and six dollars.

WHAT'S THE USE OF TALKING?

Is it necessary to tell you any more about Cammeyer shoes? About the workmanship, the comfort, the style, the economy? Well, it oughtn't to be. It's high time you were wearing Cammeyer shoes and appreciating them yourself. If there are still any points unclear in your mind just look them up in the catalogue. It's handy, isn't it? Or at any rate a postal card is within reach. Let's repeat just this one thing:
A perfect fit is absolutely guaranteed.
